about us

Saudi Emirati Electric Power Generators Company (L.L.C), also known as (sec), prides itself on being one of the leading companies in the Supply, Leasing, Rental and Maintenance of Diesel power generators in Saudi Arabia. Established in 2013, we consider ourselves as one of the best supply provider by delivering one of the best contracting services in the Kingdom. We owe our success to our hardworking, highly skilled and committed employees.

Our core focus lies in providing customized integrated products and services with well-established infrastructure, equipment and manpower to support and provide the turn key solutions for various industries. We provide the latest in power generator technology equipment, allowing us to give our customers the best product and the best possible service.

Our objective is to serve customers to the utmost by providing them with the best-in-class electric generators, reliable door to door delivery, and after sales service at competitive market prices. We continue to build our solid reputation for excellence and response, while delivering reliable and tailored solutions to meet the customer's requirements.

our vision

To be Saudi Arabia's # 1 provider for Electric Power Generators focusing on Quality, Service, and 24/Hour support.

our mission

We achieve this vision by:

- ✓ Providing the best quality and range of products from leading manufacturers.
- ✓ Servicing and Maintaining all equipment 7/24 by experienced technicians.
- ✓ Delivering special flexible payment plans that cater to our customer needs.

 **LEROY[®]
SOMER**

STAMFORD
power generation

DEEP SEA ELECTRONICS PLC
 **DSE**[®]

ABB

diesel generator sets and accessories

Prime & Standby power diesel generator sets.

High & Low Voltage Alternators.

Super-quiet generator sets.

Synchronizing and Totalizing Panels.

Mobile Generator sets.

Deep Sea Controller Modules.

Mobile lighting towers.

Automatic Voltage Regulators.

ATS Panels and Manual change over panels.

Complete Range of Electro-mechanical accessories.

spare parts

We offer a full range of spare parts from consumables to overhauling kits. We supply Genuine Original Equipment Manufacturer (OEM) Electrical and Mechanical Spare parts for all the Gensets we offer.

We offer:

- Fuel Filters
- Oil Filters
- Fuel Water Separators
- Overhaul Kits
- Fuel Pumps
- Coolants
- Lube oil (Manufactured only to SEC)
- Batteries
- Belts
- Radiators

Brands:

- Perkins
- Cummins
- Volvo

services

rental 11
operation and Maintenance 12

rental

Our rental division provide electric power generators for all your temporary and standby power needs.

In collaboration with each individual customer, we will study the request and implement a solution for the temporary power requirements, whether it is by the provision of a single generator operating in a standby application, or by multiple generators exporting power to a utility infrastructure.

Our own extensive resources enables us to react immediately to customer's requirement for temporary power generation. All equipment are installed and commissioned by our own team of highly skilled, field based, service and commissioning technicians.

Our portfolio of equipment and services offered by our rental division extends beyond the traditional range of services; as we are offering diesel generators ranging from 8 kW – 2000 kW.

operation and maintenance

■ Maintenance

Our Maintenance team is committed to provide you with the highest quality of service and repair, with prompt response that includes 24/7 Support. We offer a variety of maintenance contracts that cater to each customer's needs. Not only do we offer diverse packages of service and maintenance contracts, but we also tailor to each customer's needs by developing on demand customized contracts.

■ Genset Repair

We offer variety of innovative and cost effective solutions from a normal service up to major overhauling including replacement of all the defected parts, repairing of pumps, cleaning of engine heads and radiators, and using genuine spare parts to ensure long term reliable operations.

■ On-Call Services

Our on-call service is supported 24 hours per day by a team of highly skilled service Technicians and Technical Managers with a comprehensive electrical and mechanical knowledge of power generation failures and repairs. Their experience and commitment enable us to provide a professional and efficient service to all customers regardless of whether we are supporting a single standby generator or a multiple set base load paralleling or synchro system.

product quality

The skid is made from a durable galvanized metal sheets and beams. The engine/alternator assembly is installed on a skid rubber mounting.

Generator sets are fitted with different types of control panels tailored according to the set's need. The control panel is certified by an ISO 17025 accredited laboratory according to IEC 60355.

The skid and control panel enclosure are painted, heat-treated and powder coated.

All Generator Sets are tested prior to dispatch.

Dhurma Labor Camp 1

3 x 500 KVA Prime Generators with Built-in Synchronizing system and Totalizing Panel

Dhurma Labor Camp 2
